Subject: Request of advice on post-2020 EU funding for fisheries and maritime sectors

Dear Mr Aguiar Machado,

Following the letter the MAC addressed to you on the 14 February 2018, and in response to your letter received on the 12 of January 2018 requesting advice on post-2020 EU funding for fisheries and maritime sectors, we are happy to inform you that the MAC has drafted an opinion of the matter.

The MAC hopes this piece of advice helps in drafting the Commission proposal for the next multiannual financial framework and that our views are taken into account in the reflection process.

We look forward to hearing any further developments on this matter.

Yours sincerely,

Guus Pastoor
Chair of the MAC
